Save our Neighborhood Park

The Arlington school system announced Thursday their intention to turn Chestnut Hills Park into a construction workers' parking lot for the next 5 years!

The open green space will be graveled to provide parking for 80+ cars during Yorktown High's 55+ month construction.

Help save Arlington's most popular and heavily used children's park. Their plan will destroy our wonderful park!

Contact the people below and tell them:

**“Save Chestnut Hills Park and keep it safe for our children.
NO to a parking lot for construction workers.”**

This is urgent. The school system wants this land from Parks & Recreation by June 15!
